information

The Affordable Yet High Quality Louvre System

We designed ShadeTec Lite to deliver exceptional durability and performance while keeping it affordable. Crafted with robust materials in critical areas, this model ensures that everyone can enjoy their outdoor spaces all year round.

Accompanied by a 3-year warranty (Ts&Cs apply), ShadeTec Lite has been designed to withstand NZ weather conditions, ensuring you can enjoy it for many years to come.

Powder-coated aluminium and stainless steel joinery for corrosion resistance.

100km/h wind rating.

Manual operation.

What sets us apart?

Unique Rubber Seal System

ShadeTec Lite ensures you stay dry with louvre blades which feature a rubber seal for enhanced waterproofing.

Robust Aluminium Structure

Thick **120x120x2mm posts** and **150x40x1.5mm beams** ensure ShadeTec Lite looks and feels sturdy.

Durable Internal Guttering

Water is actively disbursed via the discrete internal guttering system and out through the internal PVC down-pipes within the posts.

Adjustable Height

Introducing our new add-on feature that allows you to change the height of the louvre system, providing even more flexibility and comfort.

Pick From our Huge Range of Sizes

All sizes are available in Black, Charcoal Grey and White either Free-Standing or Wall-Mounted.

Take advantage of the option to have the height at 2.3m, 2.5m, 2.7m or 3m!

2x3m	3x4m	3x5.7m	3x8m	4x5m	4x7m
2x4m	3x5m	3x7m	4x4m	4x5.7m	4x8m
3x3m					

All dimensions and pricing can be found online at www.louvrelounge.co.nz.

Need a different size?

Checkout our FlexiLouvre series.

Upgrade Your Outdoor Living

Pull-Down Blinds

Upgrade your outdoor living with our pull-down zipped blinds. Offering both privacy and weather protection, our blinds stay in a side track preventing it from moving in the wind.

Shutters

Enhance your ShadeTec Lite louvre system with adjustable shutters, adding elegant shade and privacy. Compatible with all ShadeTec Lite models - customize yours now!
